

EMIconnect (Surtronic Pick Up Cable)

Universal Pick Up Cable for:

Surtronic 3 and 3P
Surtronic 4
Surtronic 3+
Surtronic 25
Surtronic S-100

Guaranteed in Stock!
Immediate Delivery

EMI Gage supplies a suitable and reliable alternative to the OEM-supplied Surtronic pick up cable (OEM Nr: 112/1257).

Readily available and economically priced, the EMIconnect has proven to be a bestseller for us. The universal pick up cable allows you to replace worn or broken cables on Surtronic 3, Surtronic 3P, Surtronic 4, Surtronic 3+ and the recently introduced Surtronic 25 roughness measuring instruments.

We also guarantee* to have this item in stock so that you can receive your pick up cable immediately and put your Surtronic roughness measuring instrument back into use.

The EMIconnect is also ideal to put an older Surtronic instrument back in to use and remember if your Surtronic requires some servicing, we can do that for you too!

Contact us and we can provide you with full details.

***Guaranteed in stock – No Bull!**
Free shipping to your destination if we do not have this item in stock!
